The News in Brief

MACGREGOR DAY—The 19th annual MacGregor Day for Albany school children will be held this year on September 13. It was announced today by Mrs. Beatrice Raymond, general chairman. A theatre party with ice cream is staged each year by C. M. MacGregor, well known building contractor and city leader, on the Saturday nearest his birthday. He will be 69 years old on September 23. To prepare a surprise for Mr. MacGregor, the city has requested each grade school youngster to bring a snapshot of himself in an envelope with their name, address and birth date to the Albany theatre on or before Saturday, September 18.

MASTER PLAN—Two large maps outlining Albany's Preliminary General Plan will be exhibited at the Bank of America, 1516 Solano Ave., for the coming two weeks. The maps are being exhibited by the Planning and Zoning Commission in order that local residents may become better acquainted with the long range city plan. Chairman George Hoyt has requested that all residents study the maps and plan to attend a mammoth public hearing at the City hall shortly after school starts.

VACATION—Mr. and Mrs. Dolan of 828 Ramona Ave. are home after a two weeks' vacation to the Pacific Northwest. They spent a few days at Lake Tahoe and thence to Seattle where they were joined by Mr. and Mrs. Rodney McGee, former neighbors of the Dolans on Ramona Ave. They returned via Eureka where they enjoyed a visit with relatives. Dolan is manager of Dagna's Market.

DEER HUNTING—Now on his final fall deer hunting expedition is Harold Olson of the Ellis-Olson family. Accompanied by his nephew, Bill Walter, the Albany twosome are camped at Pillsbury Lake in Mendocino County.

Albany Honors Ernest Blow, New Equipment, Veteran City Commissioner, Better Service For Albany

By "AB" Magazine
Over a hundred of his many friends, including past and present city and county officials, gathered Wednesday evening for a testimonial dinner honoring Ernest C. "Ernie" Blow in recognition of his many years of volunteer service to the City of Albany.

Following numerous testimonies of praise for his services from various friends and officials, the group presented him with a beautiful fireplace screen for his new ranch home in Columbia.

Edwin C. Howell, Alameda County administrator and former director of Albany Recreation Department, served as toastmaster for the evening. Howell called on many of Blow's co-workers, who glowingly spoke of the retired official's unceasing efforts to make his adopted city a better place in which to live.

Mrs. Myrtle J. McLean, city clerk, described in a few words what all present had known right along, that "Ernie" Blow was a great friend to Albany and was around when he was needed. Dr. Paul C. Bryan, superintendent of schools, praised Blow for his vision in planning, which resulted in acquiring needed land for school expansion during later years.

Councilmen William T. Donahue and Edward E. Combs expressed regrets for the loss of an important man, who had done so much for his city. Mayor Lewis M. Howell and Councilman Jerome Blank also added their words of praise for the retiring official.

After residing in Albany for 35 years, during which time Blow was

Those attending the dinner, along with countless other friends, join in wishing Mr. and Mrs. Blow many more years of health and happiness in their new home.

Alcady "Ernie" is getting acquainted in his new location. Following the Wednesday evening dinner, which was held at Lucca's in Richmond, Blow told of meeting his first newly-found friend—Frank Dondora, a supervisor for Tulumne County for over 30 years.

School Bells Toll Here September 13

Decrease in Enrollments Predicted

Albany School bells will ring on September 13 for an estimated 3600 students, some 200 fewer pupils than last year's enrollment.

Dr. Paul C. Bryan, superintendent of schools, said today that enrollments at Vista, MacGregor, Cornell, Marin and Albany High School will be approximately the same as last year, but predicted a short drop in total enrollments at Codornices School.

Dr. Bryan explained that a drop of some 200 students is anticipated at Codornices, due in large part to families vacating the housing units as the result of a Federal Government order to close the entire project. Of the 1891 apartments in Codornices Village, 448 are scheduled to be vacated by September 15.

REGISTRATION

Albany kindergarten children will be registered on Tuesday, September 7, at the school in their neighborhood. Registration at Marin, Cornell and Codornices Schools will take place between 9 a.m. and 3 p.m. Children whose last names begin with "A" to "L" will register from 9 to 11 a.m., and those with last names "M" to "Z" will sign up between 1 and 3 p.m.

Kindergarten children will be registered at Vista School from 9 to 11 a.m. and at MacGregor School from 1 to 3 p.m. Youngsters entering kindergarten must have been born on or before December 2, 1949. Parents should bring birth certificates or other proof of age, and have available information concerning their child's health history, including vaccinations and inoculations.

All other new elementary pupils, grades 1 to 7, will register in the principal's office on Friday, September 10, from 1 to 3 p.m.

High school pupils, new to Albany, are to register in the high school office on the same day, Friday, from 9 to 11 a.m. and 1 to 3 p.m.

Classes in all schools will start on Monday, September 13.

SCHOOL HOLIDAYS

School holidays for children will

include Armistice Day, November 11; Thanksgiving, November 24 to 26; Christmas, December 18 to January 2; Washington's Birthday, February 22; Easter Week, April 2 to 10, and Memorial Day, May 30. School will close on Friday, June 17, 1955.

Dr. Bryan said that with small enrollments this fall, it will no longer be necessary, as last year, to use classrooms in the Codornices Recreation Building or to place a kindergarten in the Child Care Center Building.

Codornices School, which accommodates students from both the Albany and Berkeley areas of the housing project, was first opened in September, 1944, with an enrollment of 369. The school grew rapidly as families moved in the village during World War II. By September, 1945, the attendance had reached 852. Since that time the school population has gradually increased, reaching a high of 1326 children in October, 1953.

Mrs. Zahn Raps City Pound Truck Purchase Without Calling for Bids

The old issue of department heads purchasing equipment without calling for bids came before the Albany City Council again Monday night.

Councilwoman Mrs. Kathie Zahn charged that Police Chief Ralph Jensen had purchased a new city pound truck after obtaining permission from Councilmen Jerome Blank and William Donahue.

"I would like to know what is the difference between police cars—three of which were purchased recently following a call for bids—and this type of carriage, which carry dogs and/or drunks in Albany," Mrs. Zahn said.

"If department heads are able to go out and make purchases of this type, I think something should be done about it," Mrs. Zahn charged. She said the old pound truck should have been sold to the highest bidder instead of being "turned in for \$100."

City Atty. Robert Foley ruled "that the purchase of a police or pound automobile may be made without the necessity of advertising for bids on the same."

Foley held that another question of this kind before the Council prompted a similar ruling by former City Atty. Edward Plotner.

A similar issue came before the Council last year when Mrs. Zahn charged that the Park Department had purchased lawn seeds for the Key Route Memorial strip without calling for bids.

Councilman Blank termed the pound truck purchase an "emergency," and reminded the Council that during the summer budget session Chief Jensen told the Council that the pound wagon was "in imminent need for repairs or replacing."

Blank said the truck was bought at the same agency as the police patrol cars, which would be convenient for servicing. He said that the price of \$1400 was low.

In other action, the Council passed the second and final reading of a new ordinance which limits the number of fowl which can be kept by an Albany resident.

City Engineer-Howard B. Carter was instructed to prepare a map showing boundaries of a proposed assessment district for construction of sidewalks on portions of Gateview Ave.

Chief Jensen was directed to make a survey of parallel park slots in Albany to determine how much space would be lost if the slots were enlarged to accommodate larger vehicles.

Attention! City Dump Users

It has been noticed recently that a great deal of refuse has been falling from vehicles going to the Albany dump. This not only creates an unsightly condition, but is also a hazard to other motorists.

Section 700 of the California Vehicle Code makes it a misdemeanor to allow anything other than clear water to drip, leak or silt from any vehicle on the streets or highways.

The Albany Police Department asks the corporation of all persons to make certain that the load is secure before transporting any materials to the dump. With very little effort on the part of the citizens, our streets can be kept cleaner and traffic hazards eliminated.

Correction

Over \$1000 in merchandise will be auctioned off at 4 p.m. Sunday, September 26, at Flowerland's Gay Nineties program and not September 6 as erroneously printed in last week's advertisement. Gay Nineties money is now being given dollar-for-dollar from 22 Solano Ave. merchants to be used for bidding on the many prizes. The more auction money you accumulate, the better opportunity you have to take home more prizes.

Cinemascope is Coming to Local Theatre Sept. 22

The first Cinemascope picture to be shown at the Albany Theatre will be the latest John Wayne Technicolor production, "The High and the Mighty," scheduled for the week of September 22, it was announced by Manager William Garren.

Cinemascope is a new motion picture technique, Garren said, in which a very wide angle lens in a camera can photograph a large and wider scene either indoors or outdoors.

To accomplish this, he said, the lens squeezes the image on to a 35 m.m. film very much like the image made when standing before a fun house mirror.

The Cinemascope lens in the theatre projector transforms the squeezed image from the film, spreading it out to its original correct proportion.

The Albany Theatre is now equipped with a Bode-Seamless Panoscopic wide screen in a proportion of 2 to 1, using a 65 amperes are light projection.

Preparing to raise flag on pole donated by Albany Veterans of Foreign Wars post are, left to right, City Councilman William Donahue, Emmett Devine, park superintendent; James Mullins, park department employee, and N. P. Reckas, VFW post patriotism chairman. The flagpole is at Solano Ave. and Key Route Blvd.

The Fire Department is conducting its annual inspection of all city business houses and industrial buildings, and at the same time remaining in service by using a radio-equipped truck.

Following recommendations of the National Fire Protection Association of the United States, inspections are being made to help familiarize all fire personnel with floor plans and other information regarding the property in event of fire, according to Fire Chief Fred Pimental.

Meanwhile, the Street Department is installing 220 new street markers at a total cost of \$1823.31. The signs are black with white lettering and numerals. Completion of the 1953-54 resurfacing project is expected this week on Fillmore, Madison, Polk Sts. and Kains Ave. Work was delayed because of water mains being installed by the East Bay Municipal Utility District.

A catered luncheon and fashion show will be presented by the Berkeley B'nai B'rith Women's Auxiliary on September 1st at 12:30 p.m. at the Hillel Foundation, 2736 Bancroft Way, Berkeley. The proceeds will go toward Hillel Scholarships and other B'nai B'rith philanthropies.

Numerous prizes and an interesting program have been planned. Entertainment will be provided by the Berkeley B'nai B'rith Girls in a Teen-age fashion show for fall.

Mrs. N. J. Frug will be in charge of the junior fashions which will be presented through the courtesy of Mademoiselle.

A small fry and sub-teen group will model back-to-school fashions from the top shop. Mrs. Albert Whitgob will be commentator for both groups.

Mrs. S. J. Seldin is in charge of arrangements with Mrs. Calvin Skuro and Mrs. Albert Whitgob as her co-chairmen. Junior hostesses will be: Carol Martin, Edith Amdur and Joan Miller.

Local Bank to Expand Building

Expansion of the banking quarters of Bank of America's Solano Avenue branch was announced today by Frank M. Dana, vice president and supervisor of operations. Branch Manager William McAuley confirmed locally that work will begin immediately on enlargement of present quarters, and that the bank will expand into an adjoining store building.

Approximately \$35,000 will be expended in this construction work, which will result in addition of 1750 square feet of floor space, for a total area in excess of 9,000 square feet.

McAuley stated that the expansion was made necessary by the "growing demand for Bank of America services in this community."

To provide speedier customer service, tellers windows will be increased from 10 to 15, he said. Space is to be made for three additional desks on the officers platform, which will then seat seven operation and loan officers. Staff work area, which now accommodates eight clerks, will be tripled in size to 25 clerk capacity, McAuley added.

Upon completion the lobby will be modern in appearance, fluorescent lighting will be used and the ceiling is to be of acoustical tile, following the present styling.

Business will be carried on by the branch during the period of construction, which is expected to continue until late in October. The branch is located at 1516 Solano Avenue.
